Druggists everywhere sell them as Dr. Shoop's Headache Tablets, but they stop other pains as easily as headache. Dr. Shoop's Pink Pain Tablets simply cozy blood pressure away from pain centers—that is all. Pain comes from blood pressure—congestion. Stop that pressure with Dr. Shoop's Headache Tablets and pain is instantly gone. 20 Tablets 25¢ Sold by Penny's Drug Store.

As a substitute for all of the Appalachian-White Mountain forest reservation bills that have been introduced at this session, the House Committee on Agriculture agreed to report favorably a bill creating a commission of investigation.

Weak women should read my "Book No. 4 For Women." It was written expressly for women who are not well. The Book No. 4, tells of Dr. Shoop's "Night Cure" and just how these soothing, healing, antiseptic suppositories can be successfully applied. The book, and strictly confidential medical advice is entirely free. Write Dr. Shoop, Racine, Wis. The Night Cure is sold by Penny's Drug Store.

Owing to the continued wet weather, those who are farming in the valleys will have to give up cultivating a large amount of land, some of which has already been broken up.

People living in the Bee Creek neighborhood say that on last Sunday they were visited by the heaviest rain ever seen in that section. Buck creek was made a small river and did some damage in the lowland.

A LaPorte, Ind., dispatch says: Sheriff Smutzer and miner Schultz, who are sluicing the ashes in the debris of the Gunniss fire, found the upper and lower plates from Mrs. Gunniss' mouth, both containing the false teeth which Mrs. Gunniss had in her mouth. Dr. L. P. Norton, who made the lower plate, immediately identified them and also identified the upper plate, frequently having seen it, although it was made before he became her dentist. "This proves beyond the shadow of a doubt," said Sheriff Smutzer, "that Mrs. Gunniss was burned to death in the fire."

"Health Coffee" is really the closest coffee imitation ever yet produced. This clever coffee substitute was recently produced by Dr. Shoop, of Racine, Wis. Not a grain of real coffee in it either. Dr. Shoop's health coffee is made from pure toasted grains, with mallow, oats, etc. Really it would fool an expert, who might drink it for coffee. No 20 or 30 minutes tedious boiling. "Made in a minute" says the doctor. Sold by Penny's Drug Store.

Monday evening Miss Givens entered the bridal party and a few intimate friends and relatives at her home.

The dinner was served in royal style and much merriment was had in cutting the bride's cake. Mr. John Owsley Reid got the ring, Dr. T. W. Pennington the money and the darning needle fell to Miss Sue Taylor Engleman, which caused much laughter. Those from a distance who attended the wedding were: Mrs. Alibert S. Miller, Crawfordsville, Ind., Messrs. W. H. Hardy and Rucker and Dr. F. Melton, Louisville; Capt. F. M. Bartley, Corydon, Ind., Mr. W. H. McCauley, Louisville, Mrs. Frank Williams, Lexington, Mr. and Mrs. H. M. Hailou, Lancaster, Prof. and Mrs. L. C. BARTLEY - GIVENS. —The Christian church was crowded to its utmost capacity at half past 1 o'clock Tuesday afternoon by friends who assembled to witness Eld. H. C. Garrison, of Danville, perform the beautiful ceremony which united in marriage and joined the destinies of Mr. Samuel Dean Bartley and Miss Lucy Miller Givens. The church was illuminated, which shed a soft light over the brilliant gathering of lovely women. The church was beautifully decorated with growing plants, and blooming flowers, colors, pink and white, which was carried out and presented a very handsome appearance. Miss Mary McRoberts at the organ and Miss Berta Jean Penny on the violin, rendered a very delightful musical program. Prof. J. W. Ireland's magnificent voice filled the church with its soft and sweet music. They played Pilgrim's Choruses, "Tanzauer," "Evening Star," "O Promise Me." Bridal Choruses, "Lohengrin." Schubert's Serenade. The Mendelssohn wedding march was a most impressive scene, drifting down to the plighted place to the strains of music, soft and low, sweet and solemn, so admirably executed, announced the arrival of the bridal party. First, two ushers from the side aisles, Messrs. Robert Woods and Alfred Pence, and from the center aisle came Dr. Tim W. Pennington and Mr. John Owsley Reid, separating at the altar. About 20 feet behind followed the cute little flower bearers showering flowers all the way down the aisle, Master Gatewood Givens Beazley and little Miss Lillian Forsythe Smith. They were just ahead of the maid of honor, Miss Lillian Tevis Carpenter, cousin of the bride. Miss Carpenter was both beautiful and graceful, gowned in pink silk with muslin overdress and carrying roses. Last of all came the bride and just as she came forward the groom and his best man, Dr. Frank Melton, of Louisville, appeared from a side entrance and took position by the side of the bride. The scene was so impressive that tears were seen to glisten on smiling faces as is often the case when the tender emotions are most deeply moved as though they were but fairy phantoms and the scene a product of dreamland. The groom looked the personification of happiness while his fair young bride was indeed a vision of loveliness, gowned in exquisite musseline satin dutchess lace, semi-princess. The rich white dress fell in graceful folds to the floor and needed no adornments. The dress was made with high neck, elbow sleeves and entrain. Her full bridal veil was caught with an elegant diamond pin, an heirloom in the family, and lilies of the valley. She carried a shower bouquet of bride's roses and according to the several traditions wore

Something old,
Something new,
Something borrowed,
Something blue.

A bit of old lace, a new ring, borrowed pearls and doubtless a blue bow concealed from the exquisite gaze of the feminine toilet, it was generally remarked a prettier bride is not often seen in this region. The bride is the only daughter of Mr. and Mrs. George Carpenter Givens and is very handsome and accomplished; is blessed with a sunny disposition and happy manner, which makes her very popular. The groom is tall and handsome, is the only son of Capt. and Mrs. F. M. Bartley, of Corydon, Ind., and comes highly recommended as a Christian gentleman. He has fine business qualifications and will no doubt make a devoted husband. He certainly finds no difficulty in making friends. Immediately after the ceremony they left for an extended trip East.

Monday evening Miss Givens entered the bridal party and a few intimate friends and relatives at her home.

The dinner was served in royal style and much merriment was had in cutting the bride's cake. Mr. John Owsley Reid got the ring, Dr. T. W. Those from a distance who attended the wedding were: Mrs. Alibert S. Miller, Crawfordsville, Ind., Messrs. W. H. Hardy and Rucker and Dr. F. Melton, Louisville; Capt. F. M. Bartley, Corydon, Ind., democrat, W. B. Hardy, general manager of the Brinkley-Hardy Co., Louisville; J. F. Turnley,

COL. JOHN G. MATTHEWS, of Knox county, has withdrawn from the race for the republican nomination for Congress in the 11th district, giving as a reason that Congressman Edwards' machine is in such excellent running order that he, Matthews, would be counted out if it matters not how many votes he would get. He makes all kinds of charges against Mr. Edwards but winds up his salty card by making a pie for harmony. We opine Mr. Matthews would like to see harmony exist but it must not be accompanied by too much Edwards.

GOV. WILLSON says he will make no more predictions regarding the time when he would announce his decision in the Powers and Howard cases. He says that when the cases are decided he will make the decisions known to the public, and until then he will say nothing about what he intends to do. In the meantime you can bet your last dollar he will pardon both of the men.

LEXINGTON was chosen as the place and June 11 fixed as the date for the holding of the Democratic State Convention by the Democratic State Executive Committee. Legislative district mass conventions to select delegates to the State Convention were called by the committee for Saturday, June 6.

CONGRESSMAN BURTON asserts that there will not be a recurrence of the present money stringency for many years. If Mr. Burton will promise to make his prophecy good, he will have no trouble in getting on the tail end of the presidential ticket.

IT is said that President Roosevelt will not oppose the selection of Senator Burrows for temporary chairman of the Republican National Convention, although he considers the action of the National Committee as a shot at him.

POLITICAL.

Missouri democrats instructed for Bryan.

Michigan democrats instructed for Bryan.

Pennsylvania democrats will go to Denver un instructed.

Robert W. Speer, democrat, was elected mayor of Denver by 2,500.

Fuller returns from the Alabama primaries indicate that Bryan carried the State by three to one over Johnson.

There will be no special session of the Arkansas Legislature. Neither House had a quorum when they met yesterday in Little Rock.

Representative Langley's bill establishing Federal Court at Jackson, passed the Senate and is now ready for the President's signature.

United States Senator McEnery was elected to succeed himself by both the Senate and House of Representatives of the Louisiana Legislature.

In conformity with the announcement made several days ago, Senator Marion introduced in the Louisiana State Senate a bill to prohibit dealing in cotton futures.

The reappointment of Maj. A. T. Wood as Postmaster Agent and the withdrawal of Walker Wilkins made decided changes in the aspect of the scramble for the surveyorship of the Port of Louisville, and it now looks like the office will go to Jim Frank Taylor, of Glasgow. William Henry Jones is slated to succeed Taylor as postmaster.

Representative Champ Clark, of Missouri, who will be Democratic leader of the House in the next Congress if the Republicans carry that body, and Speaker if the Democrats carry it, has promised Representative Sherley to make several speeches in the Louisville district during the campaign this fall. Several other Democrats of national reputation have also promised Mr. Sherley to make speeches in the latter's district this year.

MIDDLEBURG.

A heavy rain at McKinney and other points north of here Sunday put Green river out of its banks.

Sheriff Lincoln Wells sold the personal effects of Mrs. Lowder, deceased, at Mt. Olive Saturday. It consisted of household goods.

Uncle Bill Tom Royalty, who has been confined to the house for more than three months, was able to be out Saturday. Everybody was glad to see him.

J. Augustus Jones' big show will spread its big tents at Yosemite Wednesday next, when that town will bloom as of yore. It was first billed for this place, but suitable grounds could not be found.

There were new arrivals at the homes of Drs. William Sweeney and C. B. Creech last week. They are boys and there are doubtless no prouder souls in this neck of the woods than these two young nights of the pill box. Both mothers doing well.

R. B. Young, Jason Lawhorn, John Black and H. C. McWhorter went to Louisville Sunday. Mrs. Pat Williams, of East Bernstadt, is visiting at Yosemite. Mrs. Laura Lee went to Kingsville Wednesday to see her parents. Miss Martha Tilford, of Liberty, is here grading teachers' examination papers.

THEY ARE COMING.—Everything under the sun is an encompassing statement, but very appropriate and fitting in making a trite assertion relative to the manifold attractions and diversified features of the J. Augustus Jones Shows. Construct the statement literally and add a little of imagination, and even then, after seeing these Greater Shows there will be no subsequent indictment for exaggeration or perversion of the truth. Figuratively speaking, the J. Augustus Jones Shows have spread a dragnet over the amusement and zoological universe and hauled in the ropes; have made a scientific assortment of the great catch, retaining all that was wonderfully striking or sensational, and cast away the refuse. If there is aught that has been overlooked, it must be ethreal, elusive or imaginary. Every avenue of possible innovation has been traversed. Every field of possible feature has been ravaged. Aggrandizement and progression were the watch words; originality the slogan, and the date at Stanford is Saturday, May 30, for the Jones Enormous Shows.

A Califorian's Luck.

Just an hour's drive to see us. We sell direct from the manufacturer to you. We are the best equipped factory in Central Kentucky, saving you all the middle man's profits, even carriage, drayage and freight. So don't be talked into paying more for so-called good buggies that are put up by the shyster carriage factories that build 35,000 a year—when you can buy a hand-made one for the same money—buggies put up to sell, caring nothing about results. What are the results? Shaft-iron break, the wheels go loose in the hubs and the gearing goes loose and comes to pieces about the fifth wheel. We absolutely guarantee you against such defects. We sell our buggies all over the Central part of the State. They are highly recommended by the liverymen everywhere. For information call on such men as Vanarslall Bros., L. B. Givens and Tatum & Son. They are users of our buggies at Harrodsburg. We are also headquarters for all kinds of Carriage Repairing, Painting and Rubber Tiring at factory prices. LAST Friday night the Crab Orchard Graded School closed the year's work with very interesting and appropriate exercises. The entertainment was given by the pupils of the various grades and it was a credit to the pupils and a compliment to the teachers, who worked so faithfully during the year. The school has been very successful this year and the entire faculty has been unanimously retained. The patrons, who know a good school, are pleased, and the prospects for the future are bright. An interesting feature of the week was a lecture by Prof. O. W. Hedges, of Kentucky Wesleyan College.

CLOUDBURST AT KINGSVILLE.—Last Sunday train No. 1 which reaches this point at 1:10 P. M., did not arrive until 2:25 by reason of being delayed at Kings Mountain where a cloud burst occurred flooding the track and filling the tunnel with water to the depth of four feet, says the Somerset Journal. South of the tunnel the track was in places under water as much as five feet. The water rushed in sweeping torrents from the adjacent hills, and almost within the twinkling of an eye all was submerged in the swirl of the rushing waters. It is said columns of water three feet high came rushing down the mountain sides from either side of the track and in 20 minutes the flood was at its height.

THE commencement exercises of the Stanford Graded and High School were held in Walton's Opera House Wednesday morning. A large crowd was present and the splendid program carried out was greatly enjoyed. The stage had been tastily decorated with evergreens, and potted flowers and palms added beauty to the scene. Rev. J. M. F. Taylor invoked divine blessings on the occasion, after which 12 girls dressed in white sang very sweetly a Welcome Song. Mr. John Downer, Jr., one of the two graduates, Miss Bessie Dudderar Yantis, being the other, delivered a splendid oration on "Man's Dominion and Purpose." A piano number by Miss Eugenia Patrick was next enjoyed and at its conclusion Dr. J. C. Willis, president of the University of Louisville, was introduced by Prof. J. W. Ireland. His address was a most interesting one. It was full of practical, common sense and it is to be hoped that the many who heard it will profit by the suggestions it contained. Prof. Ireland and the trustees of the school showed good judgement in securing the services of so good and able a man to address the graduates. Miss Josephine Carpenter then entertained with a piano number which was well executed. After a brief talk Prof. Ireland delivered the diplomas, a piano gavotte was rendered by Misses Totten, Von Gruenigan and Spoonamore, after which the morning's exercises were closed by a benediction by Rev. J. L. Yandle. The graduates were recipients of a large number of presents, while the flowers they received almost hid them from the audience. Miss Yantis wore a beautiful white creation and her natural beauty shone to its best advantage. She is a fine young woman and in school was a most satisfactory student. Mr. Downer is one of Stanford's best boys; a gentleman at any and all times, and an exceedingly well informed young man.

REV. R. L. CREEL will preach the Baccalaureate sermon to the graduates of Hustonville graded school at the Christian church, that city, Sunday morning. There will be no services at the other churches and all congregations are invited to hear Rev. Creele.

THE following is a list of the Creamery patrons and the amounts after their names is what each received for milk delivered during the month of April. FOWLE.—Mr. W. A. Fowle, aged 76, died at Rowland at noon yesterday after a long illness. He is survived by his wife, who is 81 years old, and three children. Mr. Fowle came to this country from Nicholas a number of years ago and has made a splendid citizen. He was a member of the Christian church and was an elder for many years. At 1 o'clock this afternoon Eld. Joseph Ballou will preach the funeral at the late home and the burial will follow in Lancaster cemetery.

MOLLY McGORMLY, the Irish Servant Girl from Donegal. This is one of the characters John Thompson introduces in his grand entertainment, "The Funny Fellows of New York." No race of people is as witty as the Irish, and Molly is one by whom you can prove it. She has a vegetable complexion—"carrot hair," "turn up" nose and "reddish" cheeks, a "superior" looking lady. When you see Molly, you are looking at the personification of wit. Her entire conversation is punctuated with jokes and puns. Humor and witicism flow from her lips in an almost constant stream. Molly is not only comical, but also surprising. After telling of her adventures in trying to secure an engagement as a house servant, she sits at the piano and plays it. The audience are immediately convinced that she knows how to "paw" ivory. When she sings her original song (not published) "Just Step Over to Ireland," the audience are delighted. When she changes the music form the song to Mrs. McGowan's reel, those in the audience who can dance feel like getting up and doing so, the air is so lively, so Irish and the time so perfect. When she jumps up from the piano, singing the reel and with ease and grace executes some of the difficult steps that are in an Irish reel, then the audience are not only surprised, but also delighted; and when she concludes by dancing off the stage, the hearty and well deserved applause which she receives from the audience is a receipt in full from them that she has made a genuine hit. Mr. Thompson will appear at the Opera House for one night on Wednesday, May 27. The admission is 25, 35 and 50 cents. Reserved seat tickets are on sale at McRoberts Drug Store.

Tired nerves, with that "no ambition" feeling that is commonly felt in Spring or early Summer, can be easily and quickly altered by taking what is known to druggists everywhere as Dr. Shoop's Restorative. One will absolutely note a changed feeling within 48 hours after beginning to take the Restorative. The bowels get sluggish in the winter-time, the circulation often slows up, the kidneys are inactive, and even the heart in many cases grows decidedly weaker. Dr. Shoop's Restorative is recognized everywhere as a genuine tonic to these vital organs. It builds up and strengthens the worn-out weakened nerves. It sharpens the failing appetite, and universally aids digestion. It always quickly brings renewed strength, life, vigor and ambition. Try it and be convinced. Sold by Penny's Drug Store.

STOP THAT COLD

To check early colds or Grippe with "Preventions" means sure defeat for Pneumonia. To stop a cold with "Prevention" is safer than to let it run and be obliged to cure it afterwards. To cure, Prevent. Promptly may also save half your annual sickness. And don't forget your child. If you are feverish, sit upright, drink plenty of water. If you are cold, sit cross-legged, drink plenty of water. If you are head off these early colds. That's surely better. That's why they are called Preventives.

Preventions are little Candy Cold Cures. No Quinine, no Salicylic Acid, no Sulphur, no Quinine for the children, and thoroughly safe too.
